

ALLERGENS

ATTENTION GUESTS WITH FOOD ALLERGIES

Please be aware that our kitchen offers products that may contain or come into contact with common allergens, such as dairy, eggs, wheat, soybeans, tree nuts, peanuts, fish, shellfish, sesame or wheat.

At DinnerTimeStoriesSA | Le Petit Chef Southern Africa, we make every effort to identify ingredients that may cause allergic reactions for those individuals with food allergies.

Effort is made to instruct our food production staff on the severity of food allergies.

While we take steps to minimize risk and safely handle the foods that contain potential allergens, please be advised that cross contamination may occur, as factors beyond our reasonable control may alter the formulations of the food we serve, or manufacturers may change their formulations without our knowledge.

Customers concerned with food allergies need to be aware of this risk.

DinnerTimeStoriesSA | Le Petit Chef Southern Africa, will not assume any liability for adverse reactions to food consumed, or items one may come in contact with while eating our products.

Please be advised consuming raw, cooked to order or under-cooked meat, poultry, seafood, shellfish or eggs may increase your risk of food borne illnesses, especially if you have certain medical conditions.

We are able to accommodate some basic special dietary requirements and food allergies.
